2. Action Taken Report A.Y. 2019-20

- As per the feedback of students, during the Academic Year 2019-20, we chose to use Google Meet instead of Zoom as our online learning platform. The decision was based on students' preferences and the ease of use they experienced with Google Meet. This choice allowed for improved virtual classroom experiences, increased student participation, and efficient communication, aligning with their learning needs and preferences. We appreciate their valuable input and strive to continue providing an optimal learning environment based on student feedback.
- The feedback was discussed with Management. They expressed their satisfaction with the positive ratings received on most aspects.

2. Action Taken Report A.Y. 2020-21

- The feedback was discussed with Management. They expressed their satisfaction with the positive ratings received on most aspects.
- During the Academic Year 2020-21, we introduced a Hybrid Classroom (online and offline) with Google Meet as the online platform, incorporating student feedback. Improved COVID-19 rules were implemented, and hand sanitizers and masks were provided to ensure a safe learning environment. Students' cooperation and adaptability played a key role in the successful academic year.
- Additionally, we conducted various COVID-19 awareness activities to educate students about preventive measures and health protocols. These activities included informative webinars, poster campaigns, and interactive sessions to reinforce safety practices. By fostering a culture of awareness, we aimed to create a responsible and informed learning community during the pandemic.

2. Action Taken Report A.Y. 2021-22

- During the Academic Year 2021-22, we updated the computer lab, expanded Wi-Fi coverage, and replaced old computers with laptops based on student feedback, fostering a technology-rich learning environment. These improvements catered to students' preferences for mobility and enhanced access to online resources, resulting in a more efficient and innovative academic experience.
- Additionally, we repainted classrooms, creating a fresh and conducive atmosphere for learning, promoting a positive and inspiring educational setting for students.
- We formally requested the Pune Mahanagar Parivahan Mahamandal Ltd (PMPML) to increase bus frequency for our students.

1. Action Taken Report A.Y. 2022 - 23

- The feedback was discussed with Management. They expressed their satisfaction with the positive ratings received on most aspects.
- During the Academic Year 2022-23, we integrated smart boards into classrooms for interactive learning and upgraded washrooms for enhanced campus amenities, catering to student preferences. These initiatives fostered a technologically enriched and comfortable learning environment, contributing to a positive and engaging educational experience. Students' involvement and feedback played a vital role in shaping these improvements.
- Relevant Certificate courses and value - added courses were introduced to enhance the students' employability skills.
- We Requested to Police Station for the increase Frequency of around AESIMR.
