Subject: Internal Academic and Administrative Audit (AAA) Report for 2023-24

Dear Sir,

We extend our heartfelt congratulations to you for your initiative in arranging the Internal Academic and Administrative Audit (AAA) for the academic year 2023-24. We sincerely appreciate the invitation from the management and the Director to conduct this valuable evaluation.

After conducting a comprehensive visit to the institute and interacting with various departments, we have concluded the AAA process. Please find our detailed report attached for your reference.

This report is structured based on the committee's systematic observations in the following areas:

1. Institute Data – Examination and validation of crucial statistical and institutional data.
2. Administrative Audit – Insights on the overall effectiveness of administrative systems, leadership, and institutional policies.
3. Academic Audit at Department Level – Evaluation of academic processes, faculty contributions, student involvement, and the overall quality of teaching and learning in each department.

We would like to particularly recognize and appreciate the following measures taken by the institute:

NAAC Accreditation Application: This marks your ongoing commitment to maintaining high standards of quality and continuous growth.

Research Center Status Application: This step underlines your emphasis on promoting research and developing academic expertise within the institute.

Hosting of an International Conference in 2023-24: This significant achievement highlights your enthusiasm for international collaboration and reinforces the institute's academic stature on a global platform.

We express our gratitude to the management, principal, departmental heads, teaching and non-teaching staff, students, and all other stakeholders for their enthusiastic support and valuable insights that greatly facilitated a thorough and impartial audit process.

We are confident that the suggestions and feedback provided in the committee's report will serve as helpful guidance for the institute's ongoing progress.

We wish you every success as you pursue NAAC accreditation and Research Center recognition, and congratulate you on the successful organization of the international conference, which further augments your institution's reputation and academic impact.
